

SCRIBE ARTICLE FOR THE DECEMBER 2011 POSTAL RECORD

We are facing unprecedented attacks. We must fight back with everything we've got or be annihilated! The USPS wants Congress to void sections of our contract. The USPS wants to immediately lay off 120,000 Postal Workers and 220,000 by 2015! The USPS also wants to change our retirement guarantees and remove us from the FEHBP. They want us to pay more into our retirement and some new health plan and receive much less! Hell, management cannot even address a 3996 correctly, let alone run a retirement system and Health Plan! The USPS wants to eliminate six day mail delivery, resulting in a loss of about 30,000 City Letter Carrier jobs and a total of 80,000 jobs!

If the above is not bad enough, Issa (R) from California and Ross (R) from Florida have introduced Postal legislation (HR 2309) that would give a three member panel veto power over any parts of our contract. This would result in a huge pay cut, loss of COLA's and our grievance/arbitration procedure!

We need to respond to these attacks and counter the disinformation campaign being lodged against us Postal Workers. The right wing press is putting out lie after lie about us. The truth is, the USPS is one of the most profitable companies!

At the recent Committee of Presidents meeting, we unanimously passed a resolution urging Fred Rolando to work with the other Postal Unions, Richard Trumka and all Unions, community groups and other progressive groups in DC to organize a massive rally at the US Capitol (or another location selected by Rolando) so we can fight back and get the truth out about Postal Workers and the USPS. We are in the battle of our lives! In the fight for our very survival, we must use ANY MEANS NECESSARY TO WIN!!!

IN THE STRUGGLE,

Kenneth Lerch
